For green tomato pickles, slice one peck of green tomatoes (taking off both flat, sking sides), sprinkle slightly with salt and drain over night. Next morning add three pints sliced onions, a quart sliced sweet green peppers, cover with vinegar and boll a few minutes drain and nut back in kettle with utes, drain and put back in kettle with enough fresh vinegar to cover to which has been added one and one-half cups sugar, and pickling spices to taste and a teaspoon ground black pepper. Let come to a boil and sea while hot. These pickles are fine with an addition of powdered tumeric, celery, or ground mustard, ripe sweet pepper rings for ornaments or more sugar for sweet pickle. It is a good way to make pickle when cabbages are scarce.

Lemen Cracker: Cream together one up butter, two cups sugar, add two large eggs or three small ones, beaten separately and mix thoroughly, one teaspoon soda dissolved in two tablespoons milk (sweet) and the grated rind of one lemon. Our Men's Store

Our suits for young men are made by a specialist whose whole work is confined to this

one type of tailoring. This explains the widespread satisfaction our clothing gives to the young men of this city.

Now you can see here what is shown in the best New York shops.

The style this season is simplicity.

No fancy fluffy or frivolous lapels, flaps, plaits or curves, just simple lines, comfortable close fitting coat, two or three buttons plain or patch pockets, single or double breasted.

But in choice colors and chic patterns-Oh Boy! See the new combinations in brown.
